Score of 5 or higher is required to receive credit toward the BS/Nursing program.

Score of 5 or higher is required to receive credit toward the combined Life Sciences, BS/Physician Assistant Studies, MS program.

Progression to the master-level professional phase will be no sooner than the completion of 3 years of NYIT undergraduate course work.

Score of 5 or higher is required to receive credit for PSYC 101 in the Life Sciences, BS/Physical Therapy, DPT program.

Credit is not awarded toward mathematics, biology, chemistry, physics or statistics course requirements in the BS/PT, DPT program.

- To receive credit, student is required to submit an official IB-International Baccalaureate transcript to NYIT.
- To order an official IB transcript, visit: <http://www.ibo.org>
- Credit is only awarded when applicable toward degree requirements in which student is matriculated.
- Credit awarded and recorded as “PC” Placement Credit.
